In the attachment you will find important information regarding why students in Yr 9 must achieve a minimum of a Band 8 in their tests before they can achieve their HSC. Please take the time to read the letter (which is in English and in Arabic) from the NAPLAN CEO.

## NEW BUILDING PROGRESS

**New Building Sponsorship Opportunity** - The College is providing an opportunity for corporate or community based sponsorships to assist to cover the costs for the \$10 million Secondary Building to replace the current C Building. Details of the packages are available in the package booklet attached. For any further sponsorship enquiries please contact Mr Asmar at the College or by email [easmar@mchf.nsw.edu.au](mailto:easmar@mchf.nsw.edu.au)

**Commencement of Construction** – during the process of excavation it was found that asbestos contaminated land fill had been buried under the ground. This will be removed at an extra cost of over \$660,000. We have been working closely with the builder and architect to ensure the removal complies with legislation. Commencement of removal of contaminated material will occur in two weeks' time and there will be air filters to ensure the surrounding areas remain uncontaminated. This will be a 4-week process after which construction of the new C block will commence. **Given the extra \$660,000 cost, we are in need of financial assistance from our community. Please encourage sponsors to assist us in this construction which has now blown out to \$10 million. To date we have had little financial assistance from our community and this has been disheartening given the project is for the better education of our children.**

**Parent Education and Support Network (PESN): '9Tips for Raising Teenagers in the Digital Age.'** Tip #5 - **Have a conversation with your teen if you see unexpected behaviour.** Many parents think that it's better if they leave a problem and it'll just go away – it won't. You can simply say, 'I've noticed something's changed – is everything OK.' Even if they don't want to talk about it then, they'll appreciate that you've let them know you care. One of the best places to talk is in the car, as your teen will be more comfortable talking if they don't have eye contact with you.
